

Hello,

Welcome to our school! We parents want to take the opportunity to introduce the PTA, which stands for Parent Teacher Association.

Here at the International English School in Örebro there are almost 500 pupils. That adds up to a lot of parents, and together we can achieve great things! After all, we do want our children to attend the best school of all, don't we?

On paper the PTA consist of seven parents in a board, two teacher representatives and two parent representatives from each class at IESÖ. In reality PTA consists of us all together! The more members we are, the more we are able to influence and achieve! How much one wants to get involved is up to oneself, but if we all become members then we have come a long way. The membership fee is 100 kronor per family and year.

Once a month the PTA meet the school principals, and sometimes we invite people outside from for example the municipality or Länstrafiken. The time in between we are divided into several workgroups with different commissions.

Want to know more about the PTA? Read the minutes from our meetings? Do you want to know who is active in the PTA? Perhaps e-mail some questions to us?

You're welcome to visit the PTA's own website! The address is

**<http://ptaieso.se>**

Remember: We are ordinary parents who also have been beginners in PTA!

Do you have some ideas as to what the PTA could do for the children, or would you like to pitch in and help? Perhaps as one of the parent representatives of your child's class? Two people are nominated at the first parents' meeting in the autumn, so put forward your name! As a group we have fun at the same time that we work.

Best regards from the PTA
